

FachDialog 2

Traceability of nanomaterials

Introduction

- ▶ Continuation of the activities of the NanoCommission
 - ▶ 1st phase 2006 – 2008, 2nd 2009 – 2011,
 - ▶ App. 20 representatives of stakeholders supported by working groups
 - ▶ One of the Recommendations: topic specific dialogue platforms
- ▶ FachDialoge : 2 days,. 20 stakeholders (changing)
- ▶ 1st First FachDialog in December 2011 on instruments for the preliminary assessment of nanomaterials and nanoproducts

- ▶ Preparation: background document and additional information
- ▶ Follow-up
 - ▶ Circulation and agreement of minutes
 - ▶ Development of topic report by BMU

Topic and Aims

- ▶ Discussion of traceability of nanomaterials placed on the markets
 - ▶ Notification of nanomaterials and nanoproducts by the market actors
 - ▶ Processing (and publication) of information in nano-databases
 - ▶ Relation between nano-databases and potential labelling requirements

- ▶ The aim of the dialogue is to
 - ▶ Create an understanding of and discuss different options and approaches
 - ▶ Promote an exchange of opinions among the stakeholders on/with view to the on-going activities

Discussion focus

- ▶ Level of nano-databases → EU-level / national
- ▶ Relation between database information and labelling
- ▶ Products (types) to cover → all / limited scope
- ▶ Type of information in the database,
- ▶ Rights of access
- ▶

Agenda today

Time	Topic
11:00	Welcome and introduction
11:45	Tour de Table of the German stakeholders and discussion
12:45	Lunch
14:00	Introduction of approaches in other EU countries
16:00	Coffee
16:30	Activities of the EU Commission
17:15	Final discussion round of the first day

Agenda tomorrow

Time	Topic
9:30	Summary of the previous day
10:00	Presentation of product labelling systems and discussion on: <ul style="list-style-type: none"> • Level of implementation • Scope of a nano-database • Relation to labelling • Information content • Access to information
13:00	Lunch
14:00	Conclusions and recommendations
15:15	End of the event
